

Cross Country Remind

www.remind.com

Remind.com is a way for me to contact/text students, parents, and guardians concerning items of importance to our season and or upcoming events. I would highly encourage you to sign up so you are better informed as the season goes on.

How To: Pull up a blank text window on your cell phone.

In the "To:" type in 81010.

In the "Message:" type @XC4L.

Send the text.

You should receive a message back that looks like it's from me. The message should confirm you're in the Cross Country group.

If you have questions or problems please come see me.

Thank you

Brian Simpson
